

**Second Report of John Richard Welch, B.Sc., MCSFS.**

1. Further to my report dated 24th October 2023 I have now examined some aspects of the documents listed below.
  1. SCHMIERBUCH BD II BL 33
  2. SCHMIERBUCH BD II BL 34
  3. SCHMIERBUCH BD II BL 35
  
2. Each of those three documents shows obliterations which were made before and/or during the photocopying process. I have been able to determine what some of the obliterated entries are and my interpretations of them are shown in the annotated copies which form part of this report.
  
2. Other examinations on those three documents remain to be completed.
